ABOUT US

Our narrative began in 1996. As a part of the Ali & Sons Holding Group, EuroStar Rent a Car began as a small vehicle rental business and has since grown to become one of the UAE's top mobility service providers, with over ten sites. With over 300 members in our EuroStar family today, we provide a broad selection of both commercial and non-commercial vehicles, including luxury cars, SUVs, saloons, sports, estates, minivans, minibuses, and customized vehicles that are offered at the best prices in the area. Our vehicles are carefully maintained and frequently repaired with OEM components by a team of licensed and skilled technicians to attain the highest standards. They are available on flexible terms ranging from daily, monthly, and up to multi-year.

PRODUCTS & SERVICES
